

PRODUCT SPECIFICATION REPORT

ZEP FIVE STAR™ Brass and Metal Polish

DESCRIPTION

A creamy, light pink paste, industrial strength brass and metal polish.

FEATURES

- Easy to use
- Protects
- Non-flammable
- Economical to use

BENEFITS

- Cleans and polishes virtually all metals including: brass, chrome, stainless steel, copper, silver, gold, aluminum, magnesium, aluminum alloys, nickel, zinc, tin, bronze, and pewter in one easy step.
- Protects against rust, tarnish, water stains and salt water corrosion so polished surfaces don't retarnish rapidly.
- Formula presents no fire hazards, in use.
- Paste form eliminates waste through over-use or spills. A little goes a long way.
