

PRODUCT SPECIFICATION REPORT

FS Formula 4089 is a chlorinated, caustic cleaner composed of high foaming detergents, water softeners, chlorine and alkaline builders.

FS FORMULA 4089

PROD.#2465

Heavy Duty, High Foaming, Chlorinated Detergent

FEATURES/BENEFITS

Heavy Duty	As a dilution rate of 4 oz per gallon of water, FS Formula 4089 rapidly removes dirt, grease and grime from a variety of surfaces.
Chlorinated	Aids in the removal of protein, blood, and stains, as well as deodorizes.
High Foaming	Thick stable foam clings to vertical surfaces allowing a longer contact time.
USDA Applicable	May be used in any federally inspected meat and poultry plant.

NOTE: DO NOT allow to come in contact with aluminum, zinc (galvanize), magnesium, tin, or painted surface (unless paint removal is desired.)

APPLICATIONS:

Recommended for heavy duty high foaming cleaning in food processing facilities. Great for use in: bakeries, wineries, breweries, dairies, seafood processing plants, red meat processing, canneries, poultry plants, and egg processing facilities.
